Learn about all the benefits of choosing an ArcelorMittal USA VEBA Aetna Medicare Advantage plan

Aetna Medicare is a HMO, PPO plan with a Medicare contract. Enrollment in our plans depends on contract renewal. See Evidence of Coverage for a complete description of plan benefits, exclusions, limitations and conditions of coverage. Plan features and availability may vary by service area. This information is not a complete description of benefits. Call **1-855-471-7006 (TTY: 711)** for more information. Out-of-network/non-contracted providers are under no obligation to treat Aetna members, except in emergency situations. Please call our customer service number or see your Evidence of Coverage for more information, including the cost-sharing that applies to out-of-network services. Participating physicians, hospitals and other health care providers are independent contractors and are neither agents nor employees of Aetna. The availability of any particular provider cannot be guaranteed, and provider network composition is subject to change.

You get more with Medicare Advantage

With the ArcelorMittal USA VEBA Aetna Medicare Advantage plan, you have access to a wide range of doctors and extra benefits you don't get with Original Medicare

Extended service area

With the Aetna Medicare Advantage PPO plan options, you have access to what we call an extended service area. This means you have the freedom to see any licensed doctor or hospital at the same cost, according to the costs listed on your plan benefits summary. The provider must be eligible to receive Medicare payment and accept your plan.

Extras with Medicare Advantage

Aetna gives you extra support to help you stay healthy so you can enjoy your retirement. Compare the benefits and programs we offer to Original Medicare and a traditional supplemental plan like you might have today.
