PLEASE READ: THIS DOCUMENT CONTAINS INFORMATION ABOUT THE DRUGS WE COVER IN THIS PLAN. This formulary was updated on September 1, 2023.

For more recent information or other pharmacy-related benefits questions, please contact Pharmacy Member Services at **1-833-360-3662**, or for TTY users, **711**, 24 hours a day, 7 days a week.

For all other questions, please contact Member Services at **1-833-812-1797**, or for TTY users, **711**, Monday through Friday, 8 a.m. to 9 p.m. ET, except holidays, or visit **www.anthem.com**.

Note to members:

Please review this document to make sure that it contains the drugs you take.

If this document does not contain the drugs you take, please refer to the “What if my drug is not on the Part D Formulary” section for more information.

When this formulary (Drug List) refers to “we,” “us” or “our,” it means Anthem Blue Cross and Blue Shield. When it refers to “plan” or “your plan,” it means your Anthem Medicare Preferred (PPO) with Senior Rx Plus plan.

This document includes a list of the covered Part D drugs for your plan which is current as of 1/1/2024. For an updated formulary, please review the formulary online at **www.anthem.com**, or call Pharmacy Member Services. Our contact information, along with the date we last updated the formulary, appears on the front and back covers.

You must generally use network pharmacies to use your prescription drug benefit. Your benefits, formulary, pharmacy network, and/or copayments/coinsurance may change on January 1, 2025, and from time to time during the year. You will receive notice when necessary.

Please refer to your *Evidence of Coverage* online at **www.anthem.com**, or call the Pharmacy Member Services number listed on the front and back covers, for information specific to your plan.

This document may be available in an alternate format. Please call the Member Services number listed on the front and back covers for additional information.

What is the Anthem Medicare Preferred (PPO) with Senior Rx Plus Part D Formulary?

A formulary is a list of covered Part D drugs selected by us in consultation with a team of health care providers, which represents the prescription therapies believed to be necessary parts of a quality treatment program.

Your plan will generally cover the drugs listed in the formulary as long as you follow these basic rules:

- The drug is medically necessary.
- The prescription is filled at a network pharmacy, and other plan rules are followed.
- The drug is a Medicare Part D eligible drug. Medicare Part D eligible drugs are all approved by the Food and Drug Administration (FDA) and if brand, the drug manufacturer has agreed to provide the Coverage Gap Discount.
- The drugs covered under your Anthem Medicare Preferred (PPO) with Senior Rx Plus coverage are listed in this document.

Your plan provides coverage for many Medicare Part D eligible drugs. The drugs on this list are selected by the plan with the help of a team of doctors and pharmacists. Not all drugs are on your formulary.

Some drugs may be covered under the medical benefits of your plan rather than under the drug benefits of your plan. Some of the drugs that are covered under your medical benefits are marked with a B/D in this Drug List.

You may also have coverage for certain additional drugs not covered by Medicare Part D plans. These drugs are referred to as “*Extra Covered Drugs*” and are covered by your Senior Rx Plus supplemental benefits. You can find out which specific drugs are covered by checking your *Extra Covered Drug List* online at www.anthem.com, or by calling the Pharmacy Member Services number listed on the front and back covers.

To find out if your plan includes coverage for additional drugs, please check the benefits chart located at the front of your *Evidence of Coverage*. For more information on how to fill your prescriptions, please review your *Evidence of Coverage* online at www.anthem.com, or call the Pharmacy Member Services number listed on the front and back covers.

For a complete listing of all prescription drugs covered by Anthem Medicare Preferred (PPO) with Senior Rx Plus, please visit our website or call us. Our contact information, along with the date we last updated the formulary, appears on the front and back covers.

Can the Part D Formulary (Drug List) change?

Most changes in drug coverage happen on January 1, but we may add or remove drugs on the Drug List during the year, move them to different cost-sharing tiers, or add new restrictions. We must follow Medicare rules in making these changes.

In the below cases, you will be affected by coverage changes during the year:

- **New generic drugs.** We may immediately remove a brand name drug on our Drug List if we are replacing it with a new generic drug that will appear on the same or lower cost-sharing tier and with the same or fewer restrictions. Also, when adding the new generic drug, we may decide to keep the brand name drug on our Drug List, but immediately move it to a different cost-sharing tier or add new restrictions. If you are currently taking that brand name drug, we may not tell you in advance before we make that change, but we will later provide you with information about the specific change(s) we have made.
 - If we make such a change, you or your prescriber can ask us to make an exception and continue to cover the brand name drug for you. The notice we provide you will also include information on how to request an exception, and you can also find information in the section below entitled, “How do I request an exception to the Anthem Medicare Preferred (PPO) with Senior Rx Plus Part D formulary?”
- **Drugs removed from the market.** If the Food and Drug Administration deems a drug on our formulary to be unsafe or the drug’s manufacturer removes the drug from the market, we will immediately remove the drug from our formulary and provide notice to members who take the drug.
- **Drugs that are no longer considered Part D eligible.** If CMS changes the Part D status of a drug, CMS will notify us that the drug is no longer deemed eligible for coverage under your Part D plan. If this happens, we will immediately remove the drug from the Part D Drug List.
- **Other changes.** We may make other changes that affect members currently taking a drug. For instance, we may add a generic drug that is not new to market to replace a brand name drug currently on the formulary, or add new restrictions to the brand name drug or move it to a different cost-sharing tier or both. Or, we may make changes based on new clinical guidelines. If we remove drugs from our formulary, or add prior authorization, quantity limits and/or step therapy restrictions on a drug, or move a drug to a higher cost-sharing tier, we must notify affected members of the change at least 30 days before the change becomes effective, or at the time the member requests a refill of the drug, at which time the member will receive a one-month supply of the drug.
 - If we make these other changes, you or your prescriber can ask us to make an exception and continue to cover the brand name drug for you. The notice we provide you will also include information on how to request an exception, and you can also find information in the section below entitled “How do I request an exception to the Anthem Medicare Preferred (PPO) with Senior Rx Plus Part D formulary?”

Changes that will not affect you if you are currently taking the drug. Generally, if you are taking a drug on our 2024 formulary that was covered at the beginning of the year, we will not discontinue or reduce coverage of the drug during the 2024 coverage year, except as described above. This means these drugs will remain available at the same cost sharing and with no new restrictions for those members taking them for the remainder of the coverage year. You will not get direct notice this year about changes that do not affect you. However, on January 1 of the next year, such changes would affect you, and it is important to check the Drug List for the new benefit year for any changes to drugs.

We evaluate new drugs as they come onto the market. Once we have completed a full evaluation based upon clinical effectiveness and cost relative to other drug therapies, the drug will be assigned to a drug plan tier or non-formulary designation. If a new Part D eligible drug is designated as non-formulary following our review, this drug will not be covered on your formulary. If your provider feels you should use the new drug, you or your provider may request a coverage exception.

This formulary is current as of 1/1/2024. To get updated information about the drugs covered by your plan, please refer to your formulary online at www.anthem.com, or call Pharmacy Member Services. Our contact information appears on the front and back covers.

How do I use the Part D Formulary?

There are two ways to find your drug within the formulary:

Medical Condition

The formulary begins on page 11. The drugs in this formulary are grouped into categories depending on the type of medical conditions that they are used to treat. For example, drugs used to treat a heart condition are listed under the category, "Cardiovascular, Hypertension, and Lipids." If you know what your drug is used for, look for the category name in the list that begins on page 11, then look under the category name for your drug.

Please refer to section "Your plan's Part D Formulary" to see an example of how to read your Drug List.

Alphabetical Listing

If you are not sure what category to look under, you should look for your drug in the Index that begins on page 81. The Index provides an alphabetical list of all of the drugs included in this document. Both brand name drugs and generic drugs are listed in the Index. Look in the Index and find your drug. Next to your drug, you will see the page number where you can find coverage information. Turn to the page listed in the Index and find the name of your drug in the first column of the list.

What are generic drugs?

Your plan covers both brand name drugs and generic drugs. A generic drug is approved by the FDA as having the same active ingredient as the brand name drug. Generally, generic drugs cost less than brand name drugs.

Are there any restrictions on my coverage?

Some covered drugs may have additional requirements or limits on coverage. If you have any questions on the below restrictions, please contact the Pharmacy Member Services number listed on the front and back covers.

These requirements and limits may include:

- **Prior authorization:** Your plan requires you or your provider to get prior authorization for certain drugs. This means that you will need to get approval from us before you fill your prescriptions. If you don't get approval, your plan may not cover the drug.
- **Quantity limits:** For certain drugs, we limit the amount of the drug that we will cover. For example, we cover 30 tablets per 30 days of *irbesartan 75 mg tablets*. This may be in addition to a standard one-month or three-month supply.
- **Step therapy:** In some cases, we require you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, we may not cover Drug B unless you try Drug A first. If Drug A does not work for you, we will then cover Drug B.

- **Day supply limits:** Short and long acting opioids are limited to a 7-day supply per fill for members who have not filled an opioid drug in the past 180 days. Members with cancer or members in hospice will be excluded from the 7-day supply limit.

You can find out if your drug has any additional requirements or limits by looking in the formulary that begins on page 11. You can also get more information about the restrictions applied to specific covered drugs by visiting our website. We have posted online at www.anthem.com the prior authorization and step therapy restrictions. You may also ask us to send you a copy. Our contact information, along with the date we last updated the formulary, appears on the front and back covers.

You can ask us to make an exception to these restrictions, or limits, or for a list of other similar drugs that may treat your health condition. See the section, “How do I request an exception to the Anthem Medicare Preferred (PPO) with Senior Rx Plus Part D formulary?” on page 5 for information about how to request an exception.

What if my drug is not on the Part D Formulary?

If your drug is not included in this formulary (list of covered drugs), you should first contact Pharmacy Member Services, our contact information appears on the front and back covers, and ask if your drug is covered.

If you learn that your plan does not cover your drug, you have two options:

- You can ask Pharmacy Member Services for a list of similar drugs that are covered by your plan. When you receive the list, show it to your doctor and ask them to prescribe a similar drug that is covered by your plan.
- You can ask your plan to make an exception and cover your drug. See below for information about how to request an exception.

How do I request an exception to the Anthem Medicare Preferred (PPO) with Senior Rx Plus Part D Formulary?

You can ask us to make an exception to our coverage rules. There are several types of exceptions that you can ask us to make.

- You can ask us to cover a Part D eligible drug even if it is not on our formulary. If approved, this drug will be covered at a pre-determined cost-sharing level, and you would not be able to ask us to provide the drug at a lower cost-sharing level.
- You can ask us to cover a formulary drug at a lower cost-sharing level **unless** the drug is on the specialty tier. If approved, this would lower the amount you must pay for your drug.
- You can ask us to waive coverage restrictions or limits on your drug. For example, for certain drugs, we limit the amount of the drug that we will cover. If your drug has a quantity limit, you can ask us to waive the limit and cover a greater amount.

Generally, your plan will only approve your request for an exception if the alternative drugs included on the plan’s formulary, the lower cost-sharing drug, or additional utilization restrictions would not be as effective in treating your condition and/or would cause you to have adverse medical effects.

You should call Pharmacy Member Services to ask us for an initial coverage decision for a formulary, tiering or utilization restriction exception. Our contact information appears on the front and back covers.

When you request a formulary, tiering or utilization restriction exception, you should submit a statement from your prescribing provider supporting your request. Generally, we must make our decision within 72 hours of getting your prescribing provider's supporting statement. You can request an expedited (fast) exception if you or your doctor believe that your health could be seriously harmed by waiting up to 72 hours for a decision. If your request to expedite is granted, we must give you a decision no later than 24 hours after we get a supporting statement from your prescribing provider.

What do I do before I can talk to my doctor about changing my drugs or requesting an exception?

As a new or continuing member in your plan, you may be taking drugs that are not on our formulary. Or, you may be taking a drug that is on our formulary but your ability to get it is limited. For example, you may need a prior authorization from us before you can fill your prescription. You should talk to your doctor to decide if you should switch to an appropriate drug that we cover or request a formulary exception so that we will cover the drug you take. While you talk to your doctor to determine the right course of action for you, we may cover your drug in certain cases during the first 90 days you are a member of your plan.

For each of your drugs that is not on our formulary or if your ability to get your drugs is limited, we will cover a temporary one-month supply. If your prescription is written for fewer days, we'll allow refills to provide up to a maximum of a one-month supply of medication. After your first one-month supply, we will not pay for these drugs, even if you have been a member of the plan less than 90 days.

If you are a resident of a long-term care facility and you need a drug that is not on our formulary or if your ability to get your drugs is limited, but you are past the first 90 days of membership in your plan, we will cover a 31-day emergency supply of that drug (unless you have a prescription for fewer days) while you pursue a formulary exception.

Your plan's Part D Formulary

The formulary that begins on page 11 provides coverage information about the drugs covered by your plan. If you have trouble finding your drug in the list, turn to the Index that begins on page 81.

The **first column** of the chart lists the drug name. Brand name drugs are capitalized (e.g., HUMALOG) and generic drugs are listed in lowercase italics (e.g., *enalapril*).

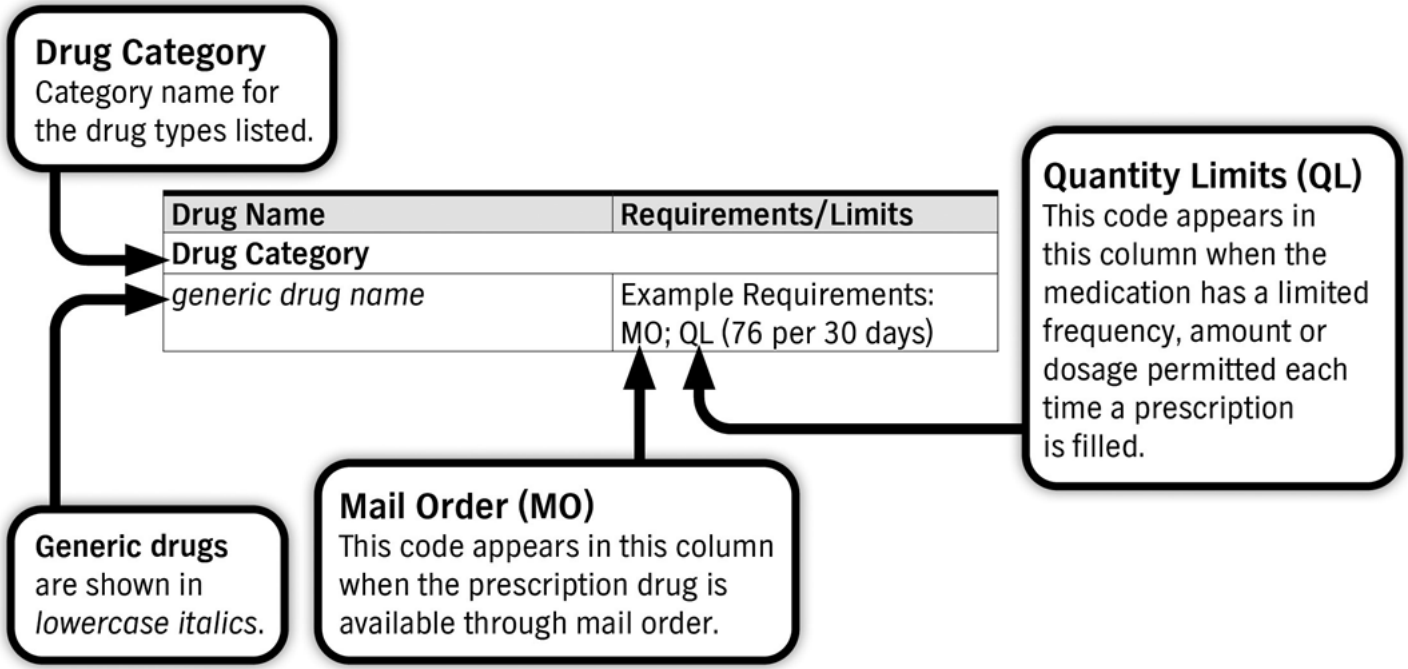

The **second column** of the chart identifies the tier placement of each medication covered in your formulary. Our drug plan groups drugs based upon cost with the lowest cost drugs in Tier 1. These are typically generic drugs. Some newer, more expensive generic drugs may be on a higher tier. To find out what your copayment or coinsurance is for each drug tier, please check the benefits chart located at the front of your *Evidence of Coverage*, which can be found online at www.anthem.com, or call the Pharmacy Member Services number listed on the front and back covers. Your drug plan benefits chart uses the following tier labels:

Tier Number	Tier Label
1	Generics
2	Preferred Brands
3	Non-Preferred Drugs
4	Specialty Drugs

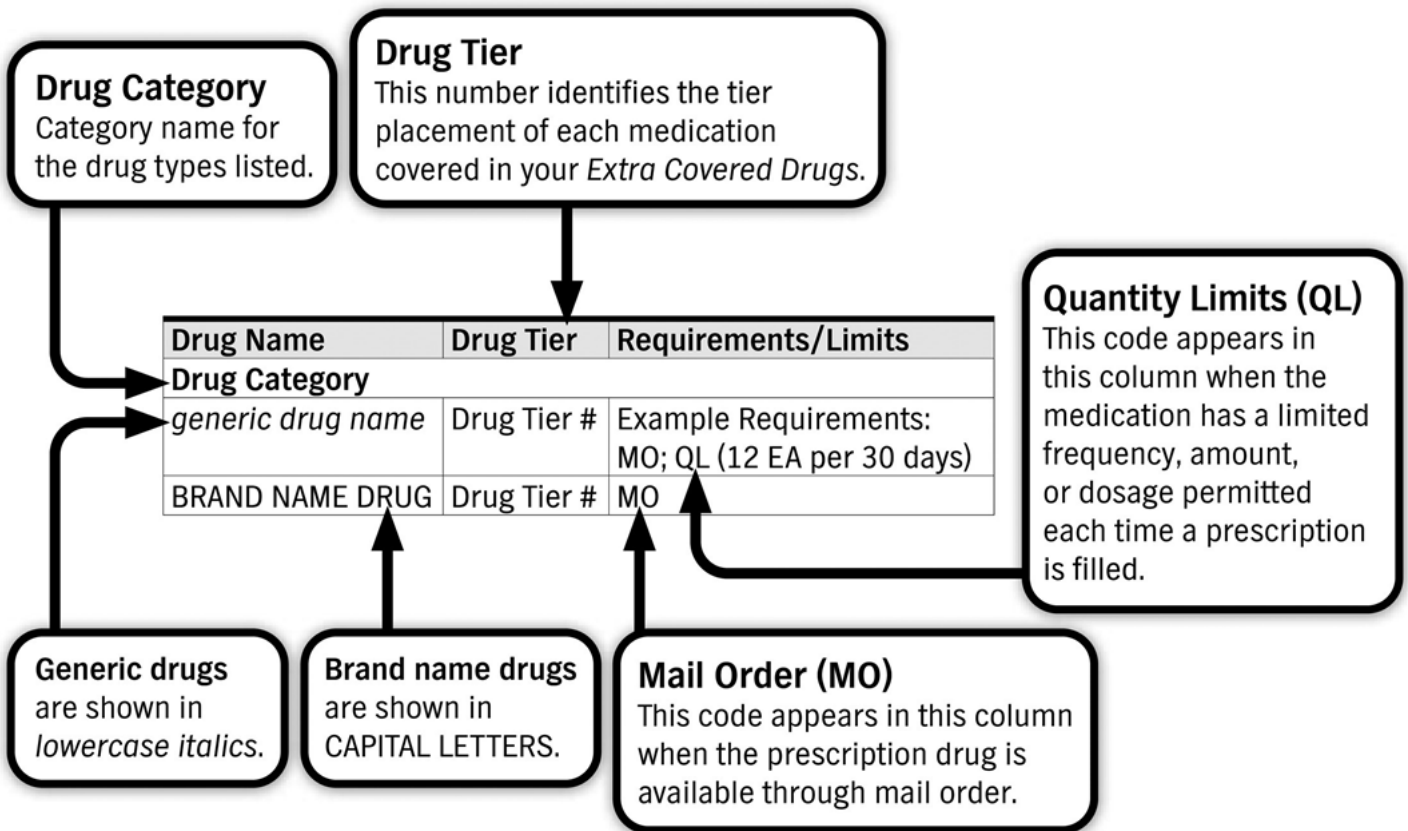

The benefits chart in your *Evidence of Coverage* will also tell you if the amount that you pay for covered drugs changes after the total drug cost paid by you and the plan reaches the initial coverage amount of \$5,030. Please check your benefits chart and *Evidence of Coverage* online at www.anthem.com, for complete details on the cost you must pay for drugs covered by your drug plan.

The **third column** tells you if your plan has any special requirements for coverage of your drug. The formulary chart legend, located on page 11, contains the list of special requirements which can be applied to drugs in your plan. The legend also gives you a description of the restriction and the code used in the drug chart to tell you that the restriction applies to a specific drug.

Below you will find an example of how to read the Select Generics List.

Below you will find an example of how to read your formulary Drug List, which has more requirements than the Select Generics List.

Select Generics for 2024

You may fill up to a 100-day supply of Select Generics if prescribed by your provider. These drugs are covered under your Anthem Medicare Preferred (PPO) with Senior Rx Plus plan at a reduced copay (see the benefits chart in your *Evidence of Coverage*).

Covered Medications by Therapeutic Category - Part D Eligible Drugs

Legend

Generic drugs are shown in lowercase italics (example: *enalapril*).

Brand name drugs are shown in capital letters (example: HUMALOG).

QL - Quantity Limits: Restricts the frequency, amount or dosage of medication for which you can obtain benefits each time you get a prescription filled. This is most often set on a monthly basis.

PA - Prior Authorization: The process of obtaining approval for certain prescriptions before benefits will be approved. You, your doctor or other network provider will need to request prior authorization before you fill the prescription.

ST - Step Therapy: The process of first trying a certain drug or drugs to determine if that drug or drugs will treat your medical condition before your plan will cover another drug for that condition.

B/D PA - Part B vs Part D: This drug may be covered under either your Part D prescription drug benefits or as a Part B drug under your medical benefits, as determined by Medicare.

LA - Limited Access: This prescription may be available only at certain pharmacies. For more information, consult your *Pharmacy Directory* or call Pharmacy Member Services. The phone numbers are listed on the front and back covers.

MO - Mail Order: Prescription drugs available through mail order.

NEDS - Non-extended Day Supply: Drugs that will be limited to a 30-day supply per fill. This day supply is different from a Quantity Limit.

S - Specialty: Specialty drugs cost \$950 or more for a 30-day supply. Most plans limit Specialty drug fills to a 30-day supply. You can find out if Specialty drug fills are limited to a 30-day supply by checking the benefits chart in the front of your *Evidence of Coverage* which can be found online at www.anthem.com, or call the Pharmacy Member Services number listed on the front and back covers.
